## Sticker Shock Campaign

This April we will be launching our Sticker Shock Campaign, a national initiative to prevent underage drinking. Participating local businesses will have custom-made stickers placed on items such as packaged alcoholic beverages and takeout bags to remind customers to not provide alcohol to minors and to thank adults for making responsible choices.

We want to thank the following local businesses for their participation in our Sticker Shock Campaign. Their participation represents their commitment and support for the wellbeing of our community.

Thank you:

- **Wines & More | Walpole**
- **Jalapeños Grill**
- **Ninety Nine Restaurant & Pub**

Note: Any businesses interested in participating are still able to! Reach out to [walpolepreventioncoalition@gmail.com](mailto:walpolepreventioncoalition@gmail.com) **by April 3<sup>rd</sup>** to participate!

## CADCA National Leadership Forum 2026

This past February, DFC program director Kelsey attended the CADCA National Leadership Forum in National Harbor, MD where she graduated from CADCA's National Coalition Academy (NCA) on behalf of the Walpole Prevention Coalition. The coalition graduated from the NCA following satisfactory completion of attendance at this 3-week intensive training program and submission of several deliverables.

In addition to the graduation, the CADCA National Leadership Forum offered several days of training, education, and networking. Kelsey was able to attend several days of this forum due to our DFC funding and learned a lot of valuable information that she is excited to bring back to our coalition.
